

Shelley Burns Vocal Instruction
Information & Policies

The course I offer is intended to help you develop your vocal ability by strengthening your vocal cords, using your voice correctly, learning to warm up properly, increasing your range, flexibility, control, endurance, and improving your musical “ear” so that you may match pitches more accurately. I also cover issues of health as they relate to the care of your voice. The style of music which you wish to sing makes no difference.

Lessons are \$150.00 per month, for four lessons, and must be paid in advance. If there is a fifth scheduled lesson day in the month, there will be no lesson that day.

If you do not come to your lesson, and do not call me at least 24 hours in advance, you will be charged for that time. If you give me adequate notice (24 hours) I may be able to schedule another student in that time slot, or I can plan my day so that I don't have to sit idly at Skip's expecting you. Make-up lessons are available only for those students who give me 24 hours notice.

If I, for some reason, miss an appointment, then I will, of course, offer a make-up lesson.

I offer recitals (parties, actually) every six months, so that my students may have the opportunity to perform and to demonstrate their progress for their family, friends and other students. There is no charge for this, and all my students are welcome to perform if they wish to; no one is required to do this.

I understand and agree to comply with these policies:

(student)

(date)
